- (k) System integrator (SI) has been used for the same entity i.e. bidder selected for the project.

2.2 Measurement and Arithmetic Conventions

All measurements and calculations shall be in the metric system and calculations done to 2 (two) decimal places, with the third digit of 5 (five) or above being rounded up and below 5 (five) being rounded down except in money calculations where such amounts shall be rounded off to the nearest INR.

2.3 Ambiguities within Agreement

In case of ambiguities or discrepancies within this Agreement, the following principles shall apply:

- (a) As between two Clauses of this Agreement, the provisions of a specific Clause relevant to the issue under consideration shall prevail over those in a general Clause.
- (b) As between the provisions of this Agreement and the Schedules, the Agreement shall prevail, save and except as expressly provided otherwise in the Agreement or the Schedules.
- (c) As between any value written in numerals and that in words, the value in words shall prevail.

2.4 Priority of Documents

This Agreement, including its Schedules, represents the entire agreement between the Parties as noted in this Clause. If in the event of a dispute as to the interpretation or meaning of this Agreement it should be necessary for the Parties to refer to documents forming part of the bidding process leading to this Agreement, then such documents shall be relied upon and interpreted in the following descending order of priority:

- (a) This Agreement along with the SLA agreement, NDA agreement, Schedules and Annexure;
- (b) Request for Proposal and Addendum/ Corrigendum to the Request for Proposal (if any).

For the avoidance of doubt, it is expressly clarified that in the event of a conflict between this Agreement, Annexure/ Schedules or the contents of the RFP, the terms of this Agreement shall prevail over the Annexure/ Schedules and Annexure/ Schedules shall prevail over the contents and specifications of the RFP.

2.5 Scope of the Project

The System Integrator shall be required to follow the scope of work as defined in section 6, of Volume I of this RFP. In addition to the scope of work, SI will also be required to adhere to the project timelines and submit the required deliverables as defined in this RFP.

2.5.1 Terms And Duration of the project

The Client intends to grant to the System Integrator the right to undertake and implement the Project on the terms and conditions set forth below:

- i. Successful implementation / Go-Live of the project in three Phases (as defined in RFP Volume 1) within the defined period from the date of signing of contract. The Successful implementation / Go-Live of a Phase will include:
 - Successful deployment, commissioning and UAT for the modules in the concerned phases
 - Successful Data digitization / migration along with verification from the CLIENT,
 - Successful training of the staff members on the modules
 - Procurement, deployment and commissioning of the hardware required for the concerned phase at PHQ, Data Center and other Police locations,
 - Procurement, deployment and commissioning of the networking equipments and connectivity required for that Phase
 - Acceptance / Sign off from the Client for reaching the stage of successful Go- Live at each phase
- ii. Operations and Maintenance of the system for a period of five years from the Successful Implementation / Go-Live of the Complete CCTNS Solution.
- iii. Hence, the Overall “Term” for the Project will be at least 50 weeks and 5 years.
- iv. This Agreement shall come into effect on <***> 2011 (hereinafter the ‘Effective Date’) and shall continue till operation and maintenance completion date which shall be the date of the completion of the operation and maintenance to the satisfaction of Client or its nominated agencies.

2.6 Conditions Precedent and Effective Date

2.6.1 Provisions to take Effect upon Fulfillment of Conditions Precedent

Subject to express terms to the contrary, the rights and obligations under this Agreement shall take effect only upon fulfillment of all the Conditions Precedent set out below. However, Client or its nominated agencies may at any time at its sole discretion waive fully or partially any of the Conditions Precedent for the System Integrator.

2.6.2 Conditions Precedent of the System Integrator

The System Integrator shall be required to fulfill the Conditions Precedent in which is as follows:

- (a) To provide a Performance Security/Guarantee and other guarantees/ payments as and when required to the Client or its nominated agencies; and
- (b) To provide the Client or its nominated agencies certified true copies of its constitutional documents and board resolutions authorizing the execution, delivery and performance of this Agreement by the System Integrator. For the avoidance of doubt, it is expressly clarified that the obligations of the Parties except the financial obligations of Client or its nominated agencies under this Agreement shall commence from the fulfillment of the Conditions Precedent as set forth above.

2.6.3 Extension of time for Fulfillment of Conditions Precedent

- (a) The Parties may, by mutual agreement extend the time for fulfilling the Conditions Precedent and the Term of this Agreement.
- (b) For the avoidance of doubt, it is expressly clarified that any such extension of time shall be subject to imposition of penalties on the System Integrator linked to the delay in fulfilling the Conditions Precedent.

2.6.4 Non-Fulfillment of the System Integrator's Condition Precedent

- (a) In the event that any of the Conditions Precedent of the System Integrator have not been fulfilled within 15 days of signing of this Agreement and the same have not been waived fully or partially by Client or its nominated agencies, this Agreement shall cease to exist;
- (b) In the event that the Agreement fails to come into effect on account of nonfulfillment of the System Integrator's Conditions Precedent, the Client or its nominated agencies shall not be liable in any manner whatsoever to the System Integrator and the Client shall forthwith forfeit the Performance Guarantee.
- (c) In the event that possession of any of the Client or its nominated agencies facilities has been delivered to the System Integrator prior to the fulfillment of the Conditions Precedent, upon the termination of this Agreement such shall immediately revert to Client or its nominated agencies, free and clear from any encumbrances or claims.

2.7 Obligations under the SLA

The SLA shall be a separate contract in respect of this Agreement and shall be entered into concurrently with this Agreement between Client and System Integrator;

In relation to any future SLA entered into between the Parties; each of the Parties shall observe and perform the obligations set out herein.

2.7.1 Change of Control

(a) In the event of a change of control of the System Integrator during the Term, the SI shall promptly notify Client and/or its nominated agencies of the same in the format set out as Annexure A of this Agreement.

(b) In the event that the net worth of the surviving entity is less than that of System Integrator prior to the change of control, the Client or its nominated agencies may within 30 days of becoming aware of such change in control, require a replacement of existing Performance Guarantee furnished by the SI from a guarantor acceptable to the Client or its nominated agencies (which shall not be System Integrator or any of its associated entities).

(c) If such a guarantee is not furnished within 30 days of the Client or its nominated agencies requiring the replacement, the Client may exercise its right to terminate the SLA and/ or this Agreement within a further 30 days by written notice, to become effective as specified in such notice.

(d) Pursuant to termination, the effects of termination as set out in Clause 2.16.2 of this Agreement shall follow.

For the avoidance of doubt, it is expressly clarified that the internal reorganization of the System Integrator shall not be deemed an event of a change of control for purposes of this Clause unless the surviving entity is of less net worth than the predecessor entity.

2.7.2 Final Testing and Certification

The Project shall be governed by the mechanism of final acceptance testing and certification to be put into place by the Client, guided by the following principles:

(a) Client reserves the right to nominate a technically competent agency (“Final Testing and Certification Agency”) for conducting final acceptance testing and certification;

(b) Such Final Testing and Certification Agency will lay down a set of guidelines following internationally accepted norms and standards for testing and certification for all aspects of project development and implementation covering software, hardware and networking including the processes relating to the design of solution architecture, design of systems and sub- systems, coding, testing, business process description, documentation, version control, change management, security, service oriented architecture, performance in relation to compliance with SLA metrics, interoperability, scalability, availability and compliance with all the technical and functional requirements of the RFP and this Agreement;

(c) The Final Testing and Certification Agency will be involved with Project from the development stage to ensure that the guidelines are being followed and to avoid large scale modifications pursuant to testing done after the application is fully developed;

(d) The Final Testing and Certification Agency may engage professional organizations for conducting specific tests on the software, hardware, networking, security and all other aspects;

(e) The Final Testing and Certification Agency will establish appropriate processes for notifying the System Integrator of any deviations from the norms, standards or guidelines at the earliest instance after taking cognizance of the same to enable the System Integrator to take corrective action;

(f) Such an involvement of and guidance by the Final Testing and Certification Agency shall not, however, absolve the System Integrator of the fundamental responsibility of designing, customizing/ developing, installing, testing and commissioning the various components of the Project to deliver the services in perfect conformity with this Agreement

The Parties shall each ensure that the range of the Services under the SLA shall not be varied, reduced or increased except with the prior written agreement between the Client and System Integrator in accordance with the Change Control Schedule set out in Schedule II of this Agreement. Save for the express terms of the Terms of Payment Schedule set out as Schedule VI of this Agreement, Client or its nominated agencies and its users may purchase any particular category of Services that may become necessary as per the Change Control Schedule set out in Schedule II of this Agreement, without the need to go for a separate procurement process.

The review and management process of this Agreement shall be carried out in accordance with the Governance Schedule set out in Schedule V of this Agreement and shall cover all the management aspects of the Project.

Use of Services

(a) The Client as the case may be or its nominated agencies, will undertake and use the Services in accordance with any instructions or procedures as per the acceptance criteria as set out in the SLA or this Agreement or any agreement that may be entered into between the Parties from time to time.

(b) The Client as the case may be or its nominated agencies shall be responsible for the operation and use of the Deliverables resulting from the Services.

Changes

Unless expressly dealt with elsewhere in this Agreement, any changes under or to this Agreement or under or to the SLA shall be dealt with in accordance with the Change Control Schedule set out in Schedule II of this Agreement.

Security and Safety

(a) The System Integrator shall comply with the directions issued from time to time by the Client or its nominated agencies and follow the industry standards related to safety and security (including those as stated in the RFP Volume I), insofar as it applies to the provision of the Services.

(b) Each Party to the SLA/Agreement shall also comply with CLIENT or the Government of India, and the respective State's security standards and policies in force from time to time at each location of which CLIENT or its nominated agencies make the System Integrator aware in writing insofar as the same apply to the provision of the Services.

(c) The Parties to the SLA/Agreement shall use reasonable endeavors to report forthwith in writing to each other all identified attempts (whether successful or not) by unauthorized persons (including unauthorized persons who are employees of any Party) either to gain access to or interfere with the CLIENT as the case may be or any of their nominees data, facilities or Confidential Information.

(d) The System Integrator shall upon reasonable request by the CLIENT as the case may be or their nominee(s) participate in regular meetings when safety and information technology security matters are reviewed.

(e) As per the provisions of the SLA or this Agreement, the System Integrator shall promptly report in writing to the CLIENT or its nominated agencies, any act or omission which they are aware that could have an adverse effect on the proper conduct of safety and information technology security at the facilities of CLIENT as the case may be.

Cooperation

Except as otherwise provided elsewhere in this Agreement or the SLA, each Party ("System Integrator") to this Agreement or to the SLA undertakes promptly to provide the other Party ("Client") with all such information and co-operation which the Client reasonably requests, provided that such information and co-operation:

- (a) Does not require material expenditure by the Providing Party to provide the same.
- (b) Is reasonably required by the Receiving Party in order for it to comply with its obligations under this Agreement or the SLA.
- (c) Cannot be construed to be Confidential Information.
- (d) Is capable of being provided by the Providing Party.

Further, each Party agrees to co-operate with the contractors and subcontractors of the other Party as reasonably requested in order to accomplish the purposes of this Agreement.

Finances

Terms of Payment and Service Credits and Debits

(a) In consideration of the Services and subject to the provisions of this Agreement and of the SLA, the CLIENT shall pay the System Integrator for the Services rendered in pursuance of this agreement, in accordance with the Terms of Payment Schedule set out as Schedule VI of this Agreement.

(b) All payments are subject to the application of service credits and debits as may be provided for in the SLA. For the avoidance of doubt, it is expressly clarified that the CLIENT will pay the service credits as stated in accordance with the Schedule VI of this Agreement and the CLIENT may also calculate a financial sum and debit the same against the terms of payment as set out in Schedule VI of this Agreement as a result of the failure of the System Integrator to meet the Service Level as defined in SLA.

(c) Save and except as otherwise provided for herein or as agreed between the Parties in writing, the CLIENT shall not be required to make any payments in respect of the Services (or, without limitation to the foregoing, in respect of the System Integrator performance of any obligations under this Agreement or the SLA) other than those covered in Schedule VI of this Agreement. For the avoidance of doubt, it is expressly clarified that the payments shall be deemed to include all ancillary and incidental costs and charges arising in the course of delivery of the Services including consultancy charges, infrastructure costs, project costs, implementation and management charges and all other related costs including taxes which are addressed in this Clause.

Invoicing and Settlement

(a) Subject to the specific terms of the SLA, the System Integrator shall submit its invoices in accordance with the following principles:

i. The CLIENT shall be invoiced by the System Integrator for the Services. Generally and unless otherwise agreed in writing between the Parties or expressly set out in the SLA, the System Integrator shall raise an invoice along with necessary approvals as per Schedule VI of this Agreement on Half yearly basis.

ii. Any invoice presented in accordance with this Article shall be in a form agreed with the CLIENT.

(b) The System Integrator alone shall invoice all payments after receiving due approval from the competent authority. Such invoices shall be accurate and all adjustments to or changes in the terms of payment as stated in Schedule VI of this Agreement. The System Integrator shall waive any charge for a Service that is not invoiced within six months after the end of the month in which the change relating to such Service is authorized or incurred, whichever is later.

(c) Payment shall be made within 30 working days of the receipt of invoice along with supporting documents by the CLIENT subject to penalties. The penalties are imposed on the vendor as per the SLA criteria specified in the SLA.

(d) The CLIENT shall be entitled to delay or withhold payment of any invoice or part of it delivered by the System Integrator under Schedule VI of this Agreement where the CLIENT disputes/ withholds such invoice or part of it provided that such dispute is bona fide. The withheld amount shall be limited to that which is in dispute. The disputed / withheld amount shall be settled in accordance with the escalation procedure as set out in Schedule V of this Agreement. Any exercise by the CLIENT under this Clause shall not entitle the System Integrator to delay or withhold provision of the Services.

(e) The CLIENT shall be entitled to delay or withhold payment of any invoice or part of it delivered by the System Integrator under Schedule V of this Agreement where the CLIENT disputes any previous invoice or part of it that it had not previously disputed provided that such dispute is bona fide. The withheld amount shall be limited to that which is the disputed amount. The disputed amount shall be referred to the escalation procedure as set out in Schedule V of this Agreement. Any exercise by the CLIENT under this Clause shall not entitle the System Integrator to delay or withhold provision of the Services.

(f) The System Integrator shall pay all its sub-contractors in a timely fashion in accordance with a mechanism, which will not prejudice the Project.

Tax

(a) The CLIENT or its nominated agencies shall be responsible for withholding taxes from the amounts due and payable to the System Integrator wherever applicable. The System Integrator shall pay for all other taxes in connection with this Agreement, SLA, scope of work and any other engagement required to be undertaken as a part of this Agreement, including, but not limited to, property, sales, use, excise, value-added, goods and services, consumption and other similar taxes or duties.

(b) The CLIENT or its nominated agencies shall provide System Integrator with the original tax receipt of any withholding taxes paid by CLIENT or its nominated agencies on payments under this Agreement. The System Integrator agrees to reimburse and hold the CLIENT or its nominated agencies harmless from any deficiency including penalties and interest relating to taxes that are its responsibility under this paragraph. For purposes of this Agreement, taxes shall include taxes incurred on transactions between and among the CLIENT or its nominated agencies, the System Integrator and third party subcontractors.

(c) In the event of any increase or decrease of the rate of taxes due to any statutory notification/s during the Term of the Agreement the consequential effect shall be to the account of the System Integrator.

(d) The Parties shall cooperate to enable each Party to accurately determine its own tax liability and to minimize such liability to the extent legally permissible. In connection therewith, the Parties shall provide each other with the following:

- i. Any resale certificates;
- ii. Any relevant information regarding out-of-state or use of materials, equipment or services.
- iii. Any direct pay permits, exemption certificates or information reasonably requested by the other Party.

2.15 Termination

Material Breach

(a) In the event that either Party believes that the other Party is in Material Breach of its obligations under this Agreement, such aggrieved Party may terminate this Agreement upon giving a one month's notice for curing the Material Breach to the other Party. In case the Material Breach continues, after the notice period, the CLIENT as the case may be will have the option to terminate the Agreement. Any notice served pursuant to this Clause shall give reasonable details of the Material Breach, which could include the following events and the termination will become effective:

- i. If the System Integrator is not able to deliver the services as per the SLAs defined in Volume 1 of RFP which translates into Material Breach, then the CLIENT may serve a 7 days written notice for curing this Material Breach. In case the Material Breach continues, after the expiry of such notice period, the CLIENT will have the option to terminate this Agreement. Further, the CLIENT may after affording a reasonable opportunity to the System Integrator to explain the circumstances leading to such a delay.
- ii. If there is a Material Breach by the CLIENT or its nominated agencies which results in not providing support for effecting data migration and / or not providing the certification of User Acceptance, then the System Integrator will give a one month's notice for curing the Material Breach to the CLIENT. After the expiry of such notice period, the System Integrator will have the option to terminate the Agreement

(b) The CLIENT may by giving a one month's written notice, terminate this Agreement if a change of control of the System Integrator has taken place. For the purposes of this Clause, in the case of System Integrator, change of control shall mean the events stated in Clause 2.7.1, and such notice shall become effective at the end of the notice period as set out in Clause 2.7.1.

(c) In the event that System Integrator undergoes such a change of control, CLIENT may, as an alternative to termination, require a full Performance Guarantee for the obligations of System Integrator by a guarantor acceptable to CLIENT or its nominated agencies. If such a guarantee is not furnished within 30 days of CLIENT's demand, the CLIENT may exercise its right to terminate this Agreement in accordance with this Clause by giving 15 days further written notice to the System Integrator.

(d) The termination provisions set out in this Clause shall apply mutatis mutandis to the SLA.

Effects of Termination

(a) In the event that CLIENT terminates this Agreement pursuant to failure on the part of the System Integrator to comply with the conditions as contained in this Clause and depending on the event of default, Performance Guarantee furnished by System Integrator may be forfeited.

(b) Upon termination of this Agreement, the Parties will comply with the Exit Management Schedule set out as Schedule III of this Agreement.

(c) In the event that CLIENT or the System Integrator terminates this Agreement, the compensation will be decided in accordance with the Terms of Payment Schedule set out as Schedule VI of this Agreement.

(d) On termination of this Agreement for any reason, the CLIENT will decide the appropriate course of action.

Termination of this Agreement due to bankruptcy of System Integrator

The CLIENT may serve written notice on System Integrator at any time to terminate this Agreement with immediate effect in the event that:

(a) The System Integrator reporting an apprehension of bankruptcy to the CLIENT or its nominated agencies;

(b) CLIENT or its nominated agencies apprehending a similar event.

Indemnification

Subject to Clause 2.17.2 below, System Integrator (the "Indemnifying Party") undertake to indemnify CLIENT (the "Indemnified Party") from and against all Losses on account of bodily injury, death or damage to tangible personal property arising in favor of any person, corporation or other entity (including the Indemnified Party) attributable to the Indemnifying Party's performance or non-performance under this Agreement or the SLA to the extent of the Indemnifying Party's comparative fault in causing such Losses.

The indemnities set out in Clause 2.17.1 shall be subject to the following conditions:

(a) The Indemnified Party as promptly as practicable informs the Indemnifying Party in writing of the claim or proceedings and provides all relevant evidence, documentary or otherwise;

(b) The Indemnified Party shall, at the cost of the Indemnifying Party, give the Indemnifying Party all reasonable assistance in the Defense of such claim including reasonable access to all relevant information,

documentation and personnel provided that the Indemnified Party may, at its sole cost and expense, reasonably participate, through its attorneys or otherwise, in such Defense.

(c) If the Indemnifying Party does not assume full control over the Defense of a claim as provided in this Article, the Indemnifying Party may participate in such Defense at its sole cost and expense, and the Indemnified Party will have the right to defend the claim in such manner as it may deem appropriate, and the cost and expense of the Indemnified Party will be included in Losses.

(d) The Indemnified Party shall not prejudice, pay or accept any proceedings or claim, or compromise any proceedings or claim, without the written consent of the Indemnifying Party;

(e) All settlements of claims subject to indemnification under this Article will:

- i. Be entered into only with the consent of the Indemnified Party, which consent will not be unreasonably withheld and include an unconditional release to the Indemnified Party from the claimant or plaintiff for all liability in respect of such claim.
- ii. Include any appropriate confidentiality agreement prohibiting disclosure of the terms of such settlement.

(f) The Indemnified Party shall account to the Indemnifying Party for all awards, settlements, damages and costs (if any) finally awarded in favor of the Indemnified Party which are to be paid to it in connection with any such claim or proceedings.

(g) The Indemnified Party shall take steps that the Indemnifying Party may reasonably require to mitigate or reduce its loss as a result of such a claim or proceedings.

(h) In the event that the Indemnifying Party is obligated to indemnify an Indemnified Party pursuant to this Article, the Indemnifying Party will, upon payment of such indemnity in full, be subrogated to all rights and defenses of the Indemnified Party with respect to the claims to which such indemnification relates.

(i) if a Party makes a claim under the indemnity set out under Clause 2.17.1 above in respect of any particular Loss or Losses, then that Party shall not be entitled to make any further claim in respect of that Loss or Losses (including any claim for damages).

2.17 Force Majeure

Definition of Force Majeure

The System performance of its respective obligations under this Agreement to the extent that such performance is impeded by an event of force majeure ('Force Majeure'). Integrator or the CLIENT as the case may be, shall be entitled to suspend or excuse

Force Majeure events

A Force Majeure event means any event or circumstance or a combination of events and circumstances referred to in this Clause, which:

- (a) Is beyond the reasonable control of the affected Party.
- (b) Such Party could not have prevented or reasonably overcome with the exercise of reasonable skill and care.
- (c) Does not result from the negligence of such Party or the failure of such Party to perform its obligations under this Agreement.
- (d) Is of an incapacitating nature and prevents or causes a delay or impediment in Performance.
- (e) May be classified as all or any of the following events:

Such events include:

Non-Political Events

- (a) Act of God, including earthquake, flood, inundation, landslide, exceptionally adverse weather conditions, storm, tempest, hurricane, cyclone, lightning, thunder, volcanic eruption, fire or other extreme atmospheric conditions;
- (b) Radioactive contamination or ionizing radiation or biological contamination except as may be attributable to the System Integrator's use of radiation or radio-activity or biologically contaminating material.
- (c) Strikes, lockouts, boycotts, labor disruptions or any other industrial disturbances as the case may be not arising on account of the acts or omissions of the System Integrator and which affect the timely implementation and continued operation of the Project.
- (d) Any event or circumstances of a nature analogous to any of the foregoing.

Political Events

- (a) Change in Law, other than any Change in Law for which relief is provided under this Agreement.

(b) Expropriation or compulsory acquisition by the CLIENT or any of their nominated agencies of any material assets or rights of the Implementing Partner.

(c) Unlawful or unauthorized revocation of, or refusal by CLIENT or any of their nominated agencies, GoI or any of its agencies to renew or grant any clearance or Required Consents required by the System Integrator to perform its obligations without valid cause, provided that such delay, modification, denial, refusal or revocation did not result from the System Integrator's inability or failure to comply with any condition relating to grant, maintenance or renewal of such Required Consents applied on a non-discriminatory basis.

(d) Any judgment or order of any court of competent jurisdiction or statutory authority in India made against the System Integrator in any proceedings for reasons other than failure of the System Integrator to comply with Applicable Laws or Required Consents or on account of breach thereof, or of any contract, or enforcement of this Agreement or exercise of any of its rights under this Agreement.

(e) Expropriation or compulsory acquisition by the CLIENT or any of their nominated agencies of any material assets or rights of the System Integrator.

(f) Unlawful or unauthorized revocation of, or refusal by any authority other than the CLIENT or any of their nominated agencies to renew or grant any Required Consents required by the System Integrator to perform its obligations without valid cause, provided that such delay, modification, denial, refusal or revocation did not result from the System Integrator's inability or failure to comply with any condition relating to grant, maintenance or renewal of such Required Consents applied on a non-discriminatory basis.

(g) Any requisition of the Project by any other authority.

(h) Any requisition of the Project by the CLIENT or any of their nominated agencies.

(i) For the avoidance of doubt, suspension of the Project in accordance with the provisions of this Agreement shall not be considered a requisition for the purposes of Force Majeure event.

Other Events

(a) An act of war (whether declared or undeclared), hostilities, invasion, armed conflict or act of foreign enemy, blockade, embargo, prolonged riot, insurrection, terrorist or military action, civil commotion or politically motivated sabotage, for a continuous period exceeding seven (7) days.

For the avoidance of doubt, it is expressly clarified that the failure on the part of the System Integrator under this Agreement or the SLA to implement any disaster contingency planning and back-up and other data safeguards in accordance with the terms of this Agreement or the SLA against natural disaster, fire, sabotage or other similar occurrence shall not be deemed to be a Force Majeure event.

Notification procedure for Force Majeure

(a) The affected Party shall notify the other Party of a Force Majeure event within seven (7) days of occurrence of such event. If the other Party disputes the claim for relief under Force Majeure it shall give

the claiming Party written notice of such dispute within thirty (30) days of such notice. Such dispute shall be dealt with in accordance with the dispute resolution mechanism in accordance with Clause

(b) Upon cessation of the situation which led the Party claiming Force Majeure, the claiming Party shall within seven (7) days hereof notify the other Party in writing of the cessation and the Parties shall as soon as practicable thereafter continue performance of all obligations under this Agreement.

Allocation of costs arising out of Force Majeure

(a) Upon the occurrence of any Force Majeure Event prior to the Effective Date, the Parties shall bear their respective costs and no Party shall be required to pay to the other Party any costs thereof.

(b) Upon occurrence of a Force Majeure Event after the Effective Date, the costs incurred and attributable to such event and directly relating to the Project ('Force Majeure Costs') shall be allocated and paid as follows:

- Upon occurrence of a Non-Political Event, the Parties shall bear their respective Force Majeure Costs and neither Party shall be required to pay to the other Party any costs thereof.
- Upon occurrence of an Other Event of Force Majeure, all Force Majeure Costs attributable to such Other Event, and not exceeding the Insurance Cover for such Other Event, shall be borne by the Implementing Partner and to the extent Force Majeure costs exceed such Insurance Cover, one half of such excess amount shall be reimbursed by CLIENT to the Implementing Partner.
- Upon occurrence of a Political Event, all Force Majeure Costs attributable to such Political Event shall be reimbursed by CLIENT to the Implementing Partner.
- For the avoidance of doubt, Force Majeure Costs may include interest payments on debt, operation and maintenance expenses, any increase in the cost of the Services on account of inflation and all other costs directly attributable to the Force Majeure Event.
- Save and except as expressly provided in this Clause, neither Party shall be liable in any manner whatsoever to the other Party in respect of any loss, damage, costs, expense, claims, demands and proceedings relating to or arising out of occurrence or existence of any Force Majeure Event or exercise of any right pursuant hereof.

Consultation and duty to mitigate

(a) Except as otherwise provided in this Clause, the affected Party shall, at its own cost, take all steps reasonably required to remedy and mitigate the effects of the Force Majeure event and restore its ability to perform its obligations under this Agreement as soon as reasonably practicable. The Parties shall consult with each other to determine the reasonable measures to be implemented to minimize the losses of each Party resulting from the Force Majeure event. The affected Party shall keep the other Parties informed of its efforts to remedy the effect of the Force Majeure event and shall make reasonable efforts to mitigate such event on a continuous basis and shall provide written notice of the resumption of performance hereunder.

Confidentiality

(a) The CLIENT or its nominated agencies shall allow the System Integrator to review and utilize highly confidential public records and the System Integrator shall maintain the highest level of secrecy, confidentiality and privacy with regard thereto.

(b) Additionally, the System Integrator shall keep confidential all the details and information with regard to the Project, including systems, facilities, operations, management and maintenance of the systems/facilities.

(c) The CLIENT or its nominated agencies shall retain all rights to prevent, stop and if required take the necessary punitive action against the System Integrator regarding any forbidden disclosure.

(d) The System Integrator shall ensure that all its employees, agents and subcontractors execute individual non disclosure agreements, which have been duly approved by the CLIENT with respect to this Project.

(e) For the avoidance of doubt, it is expressly clarified that the aforesaid provisions shall not apply to the following information:

- Information already available in the public domain;
- Information which has been developed independently by the System Integrator;
- Information which has been received from a third party who had the right to disclose the afore said information
- Information which has been disclosed to the public pursuant to a court order.

Audit, Access and Reporting

The System Integrator shall allow access to the CLIENT or its nominated agencies to all information which is in the possession or control of the System Integrator and which relates to the provision of the Services as set out in the Audit, Access and Reporting Schedule and which is reasonably required by the CLIENT to comply with the terms of the Audit, Access and Reporting Schedule set out as Schedule IV of this Agreement.

Intellectual Property Rights

Products and fixes:

All products and related solutions and fixes provided pursuant to this work order shall be licensed, according to the terms of the license agreement packaged with or otherwise applicable to such product in the name of CLIENT. Bidder would be responsible for arranging any licenses associated with products. "Product" means any computer code, web-based services, or materials comprising commercially released, pre-release or beta products (whether licensed for a fee or no charge) and any derivatives of the foregoing which are made available to CLIENT for license which is published by product owner or its affiliates, or a third party. "Fixes" means product fixes that are either released generally (such as commercial product service packs) or that are provided to you when performing services (such as workarounds, patches, bug fixes, beta fixes and beta builds) and any derivatives of the foregoing.

Bespoke development:

The IPR rights for any bespoke development done during the implementation of the project will lie with CLIENT.

Pre-existing work:

All IPR including the source code and materials (other than products or fixes) developed or otherwise obtained independently of the efforts of a party under this agreement ("pre-existing work") shall remain the sole property of that party. During the performance of the services for this agreement, each party grants to the other party (and their sub-contractors as necessary) a non-exclusive license to use, reproduce and modify any of its pre-existing work provided to the other party solely for the performance of such services. Except as may be otherwise explicitly agreed to in a statement of services, upon payment in full, the bidder should grant CLIENT a non-exclusive, perpetual, full use, fully paid-up enterprise edition license(s) to use, reproduce and modify (if applicable) the pre-existing work in the form delivered to CLIENT as part of the service deliverables only for its internal business operations. Under such license either of parties will have no right to sell the pre-existing work of the other party to a Third Party. CLIENT's license to pre-existing work is conditioned upon its compliance with the terms of this agreement and the perpetual license applies solely to the pre-existing work that bidder leaves with CLIENT at the conclusion of performance of the services.

2.18 Dispute Resolution

(a) Any dispute arising out of or in connection with this Agreement or the SLA shall in the first instance be dealt with in accordance with the escalation procedure set out in the Governance Schedule set out as Schedule V of this Agreement.

(b) Any dispute or difference whatsoever arising between the parties to this Contract out of or relating to the construction, meaning, scope, operation or effect of this Contract or the validity of the breach thereof shall be referred to a sole Arbitrator to be appointed by Client only. If the System Integrator cannot agree on the appointment of the Arbitrator within a period of one month from the notification by one party to the other of existence of such dispute, then the ultimate Arbitrator shall be Financial Commissioner & Principal Secretary to Government of Jammu and Kashmir Home department Jammu and Kashmir. The provisions of the Arbitration and Conciliation Act, 1996 will be applicable and the award made there under shall be final and binding upon the parties hereto, subject to legal remedies available under the law. Such differences shall be deemed to be a submission to arbitration under the Indian Arbitration and Conciliation Act, 1996, or of any modifications, Rules or re-enactments thereof. The Arbitration proceedings will be held at Srinagar, India. Any legal dispute will come under JK State jurisdiction.

3.2 Schedule –II: Change Control Schedule

This Schedule describes the procedure to be followed in the event of any proposed change to the Master Service Agreement (“MSA”), Project Implementation Phase, SLA and Scope of Work and Functional Requirement Specifications. Such change shall include, but shall not be limited to, changes in the scope of services provided by the System Integrator and changes to the terms of payment as stated in the Terms of Payment Schedule. Changes proposed for amendments / modifications in the CCTNS application shall be eligible under this schedule only after completion of one year handholding support post Go-Live of the complete CCTNS solution in the State.

The CLIENT and SI recognize that frequent change is an inevitable part of delivering services and that a significant element of this change can be accomplished by re-organizing processes and responsibilities without a material effect on the cost. The SI will Endeavour, wherever reasonably practicable, to effect change without an increase in the terms of payment as stated in the Terms of Payment Schedule and CLIENT or its nominated agencies will work with the System Integrator to ensure that all changes are discussed and managed in a constructive manner. This Change Control Schedule sets out the provisions which will apply to all the changes to this agreement and other documents except for the changes in SLAs for which a separate process has been laid out. This Change Control Schedule sets out the provisions which will apply to changes to the MSA.

3.2.1 Change Management Process

(a) Change Control Note ("CCN")

i. Change requests in respect of the MSA, the Project Implementation, the operation, the SLA or Scope of work and Functional Requirement specifications will emanate from the Parties' respective Project Manager who will be responsible for obtaining approval for the change and who will act as its sponsor throughout the Change Control Process and will complete Part A of the CCN attached as Annexure A hereto. CCNs will be presented to the other Party's Project Manager who will acknowledge receipt by signature of the CCN.

ii. The SI and the CLIENT or its nominated agencies, during the Project Implementation Phase and the CLIENT or its nominated agencies during the Operations and Management Phase and while preparing the CCN, shall consider the change in the context of the following parameter, namely whether the change is beyond the scope of Services including ancillary and concomitant services required and as detailed in Volume I of the RFP and is suggested and applicable only after the testing, commissioning and certification of the Pilot Phase and the Project Implementation Phase as set out in this Agreement.

iii. It is hereby also clarified here that any change of control suggested beyond 15 % of the value of this Project will be beyond the scope of the change control process and will be considered as the subject matter for a separate bid process and a separate contract. It is hereby clarified that the 15% of the value of the Project as stated herein above is calculated on the basis of bid value submitted by the System Integrator and accepted by the CLIENT or its nominated agencies or as decided and approved by CLIENT or its Nominated Agencies. For arriving at the cost / rate for change upto 15% of the project value, the payment terms and relevant rates as specified in Annexure D shall apply.

(b) Quotation

The SI shall assess the CCN and complete Part B of the CCN, in completing the Part B of the CCN the SI shall provide as a minimum:

1. A description of the change
2. A list of deliverables required for implementing the change;
3. A time table for implementation;
4. An estimate of any proposed change
5. Any relevant acceptance criteria
6. An assessment of the value of the proposed change;
7. Material evidence to prove that the proposed change is not already covered within the Agreement and the scope of work.

i. Prior to submission of the completed CCN to the CLIENT, or its nominated agencies, the Service Provider will undertake its own internal review of the proposal and obtain all necessary internal approvals. As a part of this internal review process, the SI shall consider the materiality of the proposed change in the context of the MSA and the Project Implementation affected by the change and the total effect that may arise from implementation of the change.

(c) Costs

Each Party shall be responsible for its own costs incurred in the quotation, preparation of CCNs and in the completion of its obligations described in this process provided the SI meets the obligations as set in the CCN. In the event the SI is unable to meet the obligations as defined in the CCN then the cost of getting it done by third party will be borne by the SI.

(d) Obligations

The SI shall be obliged to implement any proposed changes once approval in accordance with above provisions has been given, with effect from the date agreed for implementation and within an agreed timeframe.

3.3 Schedule –III Exit Management Schedule

Purpose

- (a) This Schedule sets out the provisions, which will apply on expiry or termination of the MSA, the Project Implementation, Operation and Management SLA.
- (b) In the case of termination of the Project Implementation and/or Operation and Management, the Parties shall agree at that time whether, and if so during what period, the provisions of this Schedule shall apply.
- (c) The Parties shall ensure that their respective associated entities carry out their respective obligations set out in this Exit Management Schedule.

Transfer of Assets

- (a) CLIENT shall be entitled to serve notice in writing on the SI at any time during the exit management period as detailed hereinabove requiring the SI and/or its sub contractors to provide the CLIENT with a complete and up to date list of the Assets within 30 days of such notice. CLIENT shall then be entitled to serve notice in writing on the SI at any time prior to the date that is 30 days prior to the end of the exit management period requiring the SI to sell the Assets, if any, to be transferred to CLIENT or its nominated agencies at book value as determined as of the date of such notice in accordance with the provisions of relevant laws.
- (b) In case of contract being terminated by CLIENT, CLIENT reserves the right to ask SI to continue running the project operations for a period of 6 months after termination orders are issued.
- (c) Upon service of a notice under this Article the following provisions shall apply:
 - i. in the event, if the Assets to be transferred are mortgaged to any financial institutions by the SI, the SI shall ensure that all such liens and liabilities have been cleared beyond doubt, prior to such transfer. All documents regarding the discharge of such lien and liabilities shall be furnished to the CLIENT.
 - ii. All risk in and title to the Assets to be transferred / to be purchased by the CLIENT pursuant to this Article shall be transferred to CLIENT, on the last day of the exit management period.
 - iii. CLIENT shall pay to the SI on the last day of the exit management period such sum representing the Net Block (procurement price less depreciation as per provisions of Companies Act) of the Assets to be transferred as stated in the Terms of Payment Schedule.
 - iv. Payment to the outgoing SI shall be made to the tune of last set of completed services / deliverables, subject to SLA requirements.
 - v. All other information (including but not limited to documents, records and agreements) relating to the services reasonably necessary to enable CLIENT or its nominated agencies, or its Replacement System Integrator to carry out due diligence in order to transition the

provision of the Services to CLIENT or its nominated agencies, or its Replacement System Integrator (as the case may be).

Cooperation and Provision of Information

During the exit management period:

- (a) The System Integrator will allow the CLIENT or its nominated agency access to information reasonably required to define the then current mode of operation associated with the provision of the services to enable the CLIENT to assess the existing services being delivered;
- (b) Promptly on reasonable request by the CLIENT, the SI shall provide access to and copies of all information held or controlled by them which they have prepared or maintained in accordance with this agreement relating to any material aspect of the services (whether provided by the System Integrator or sub contractors appointed by the System Integrator). The CLIENT shall be entitled to copy of all such information. Such information shall include details pertaining to the services rendered and other performance data. The System Integrator shall permit the CLIENT or its nominated agencies to have reasonable access to its employees and facilities as reasonably required to understand the methods of delivery of the services employed by the System Integrator and to assist appropriate knowledge transfer.

Confidential Information, Security and Data

- (a) The System Integrator will promptly on the commencement of the exit management period supply to the CLIENT or its nominated agency the following:
 - i. Information relating to the current services rendered and customer and performance data relating to the performance of sub contractors in relation to the services;
 - ii. Documentation relating to Project's Intellectual Property Rights;
 - iii. Documentation relating to sub-contractors;
 - iv. All current and updated data as is reasonably required for purposes of CLIENT or its nominated agencies transitioning the services to its Replacement System Integrator in a readily available format nominated by the CLIENT, or its nominated agency;
 - v. All other information (including but not limited to documents, records and agreements) relating to the services reasonably necessary to enable CLIENT or its nominated agencies, or its Replacement System Integrator to carry out due diligence in order to transition the provision of the Services to CLIENT or its nominated agencies, or its Replacement System Integrator (as the case may be).
- (b) Before the expiry of the exit management period, the System Integrator shall deliver to the CLIENT or its nominated agency all new or up-dated materials from the categories set out in Schedule above and shall not retain any copies thereof, except that the System Integrator shall be permitted to retain one copy of such materials for archival purposes only.
- (c) Before the expiry of the exit management period, unless otherwise provided under the MSA, the CLIENT or its nominated agency shall deliver to the System Integrator all forms of System Integrator confidential information, which is in the possession or control of Client or its nominated agency.

Employees

(a). Promptly on reasonable request at any time during the exit management period, the System Integrator shall, subject to applicable laws, restraints and regulations (including in particular those relating to privacy) provide to the CLIENT or its nominated agency a list of all employees (with job titles) of the System Integrator dedicated to providing the services at the commencement of the exit management period.

(b). Where any national, regional law or regulation relating to the mandatory or automatic transfer of the contracts of employment from the System Integrator to the CLIENT or its nominated agency, or a Replacement System Integrator ("Transfer Regulation") applies to any or all of the employees of the System Integrator, then the Parties shall comply with their respective obligations under such Transfer Regulations.

(c) To the extent that any Transfer Regulation does not apply to any employee of the System Integrator, department, or its Replacement System Integrator may make an offer of employment or contract for services to such employee of the System Integrator and the System Integrator shall not enforce or impose any contractual provision that would prevent any such employee from being hired by the SPMU or any Replacement System Integrator.

Transfer of Certain Agreements

On request by the CLIENT or its nominated agency the System Integrator shall effect such assignments, transfers, licenses and sub-licenses as the Director General of Police may require the same in the name of Director General of Police, JK or its Replacement System Integrator in relation to any equipment lease, maintenance or service provision agreement between System Integrator and third party licensor, vendors, and which are related to the services and reasonably necessary for the carrying out of replacement services by the CLIENT or its nominated agency or its Replacement System Integrator.

Rights of Access to Premises

(a) At any time during the exit management period, where Assets are located at the System Integrator's premises, the System Integrator will be obliged to give reasonable rights of access to (or, in the case of Assets located on a third party's premises, procure reasonable rights of access to) the CLIENT or its nominated agency and/or any Replacement System Integrator in order to make an inventory of the Assets.

(b) The System Integrator shall also give the CLIENT or its nominated agency or its nominated agencies, or any Replacement System Integrator right of reasonable access to the System Integrator's premises and shall procure the CLIENT or its nominated agency or its nominated agencies and any Replacement System Integrator rights of access to relevant third party premises during the exit management period and for such period of time following termination or expiry of the MSA as is reasonably necessary to migrate the services to the CLIENT or its nominated agency, or a Replacement System Integrator.

General Obligations of the System Integrator

(a) The System Integrator shall provide all such information as may reasonably be necessary to effect as seamless a handover as practicable in the circumstances to the CLIENT or its nominated agency or its Replacement System Integrator and which the System Integrator has in its possession or control at any time during the exit management period.

(b) For the purposes of this Schedule, anything in the possession or control of any System Integrator, associated entity, or sub contractor is deemed to be in the possession or control of the System Integrator.

(c) The System Integrator shall commit adequate resources to comply with its obligations under this Exit Management Schedule.

Exit Management Plan

(a) The System Integrator shall provide the CLIENT or its nominated agency with a recommended exit management plan ("Exit Management Plan") which shall deal with at least the following aspects of exit management in relation to the MSA as a whole and in relation to the Project Implementation, and the Operation and Management SLA.

- i. A detailed program of the transfer process that could be used in conjunction with a Replacement System Integrator including details of the means to be used to ensure continuing provision of the services throughout the transfer process or until the cessation of the services and of the management structure to be used during the transfer.
- ii. Plans for the communication with such of the System Integrator's sub contractors, staff, suppliers, customers and any related third party as are necessary to avoid any material detrimental impact on the CLIENT's operations as a result of undertaking the transfer.
- iii. (If applicable) proposed arrangements for the segregation of the System Integrator's networks from the networks employed by CLIENT and identification of specific security tasks necessary at termination.
- iv. Plans for provision of contingent support to the CLIENT and Replacement System Integrator for a reasonable period after transfer.

(b) The System Integrator shall re-draft the Exit Management Plan annually thereafter to ensure that it is kept relevant and up to date.

(c) Each Exit Management Plan shall be presented by the System Integrator to and approved by the CLIENT or its nominated agencies.

(d) The terms of payment as stated in the Terms of Payment Schedule includes the costs of the System Integrator complying with its obligations under this Schedule.

(e) In the event of termination or expiry of MSA, and Project Implementation, each Party shall comply with the Exit Management Plan.

(f) During the exit management period, the System Integrator shall use its best efforts to deliver the services.

(g) Payments during the Exit Management period shall be made in accordance with the Terms of Payment Schedule.

(h) This Exit Management plan shall be furnished in writing to the CLIENT or its nominated agencies within 90 days from the Effective Date of this Agreement.

3.4 Schedule –IV Audit, Access and Reporting

Purpose

This Schedule details the audit, access and reporting rights and obligations of the CLIENT or its nominated agency and the System Integrator.

Audit Notice and Timing

(a) As soon as reasonably practicable after the Effective Date, the Parties shall use their best endeavour's to agree to a timetable for routine audits during the Project Implementation Phase and the Operation and Management Phase. Such timetable during the Implementation Phase, the CLIENT or its nominated agency and thereafter during the operation Phase, the CLIENT or its nominated agency shall conduct routine audits in accordance with such agreed timetable and shall not be required to give the System Integrator any further notice of carrying out such audits.

(b) The CLIENT or its nominated agency may conduct non-timetabled audits at his/her own discretion if they reasonably believes that such non-timetabled audits are necessary as a result of an act of fraud by the System Integrator, a security violation, or breach of confidentiality obligations by the System Integrator, provided that the requirement for such an audit is notified in writing to the System Integrator a reasonable period time prior to the audit (taking into account the circumstances giving rise to the reasonable belief) stating in a reasonable level of detail the reasons for the requirement and the alleged facts on which the requirement is based. If the System Integrator considers that the non-timetabled audit was not appropriate, the matter shall be referred to the escalation procedure as set out in the Governance Schedule.

(c) The frequency of audits shall be half yearly, provided always that the CLIENT or its nominated agency shall Endeavour to conduct such audits with the lowest levels of inconvenience and disturbance practicable being caused to the System Integrator.

Access

The System Integrator shall provide to the CLIENT or its nominated agency reasonable access to Employees, subcontractors, suppliers, agents and third party facilities as detailed in Volume I & II of the RFP, documents, records and systems reasonably required for audit and shall provide all such persons with routine assistance in connection with the audits and inspections. The SPMU/ Client or its nominated

agency shall have the right to copy and retain copies of any relevant records. The System Integrator shall make every reasonable effort to co-operate with them.

Audit Rights

(a) The CLIENT or its nominated agency shall have the right to audit and inspect suppliers, agents and third party facilities (as detailed in Volume I of the RFP), data centres, documents, records, procedures and systems relating to the provision of the services, but only to the extent that they relate to the provision of the services, as shall be reasonably necessary to verify:

- i. The security, integrity and availability of all data processed, held or conveyed by the Partner on behalf of CLIENT and documentation related thereto;
- ii. That the actual level of performance of the services is the same as specified in the SLA;
- iii. That the System Integrator has complied with the relevant technical standards, and has adequate internal controls in place;
- iv. The compliance of the System Integrator with any other obligation under the MSA and SLA.
- v. Security audit and implementation audit of the system shall be done once each year, the cost of which shall be borne by the System Integrator.
- vi. For the avoidance of doubt the audit rights under this Schedule shall not include access to the System Integrator's.

Audit Rights of Sub-Contractors, Suppliers and Agents

(a) The System Integrator shall use reasonable endeavours to achieve the same audit and access provisions as defined in this Schedule with sub-contractors, suppliers and agents who supply labour, services, equipment or materials in respect of the services. The System Integrator shall inform the CLIENT or its nominated agency prior to concluding any sub-contract or supply agreement of any failure to achieve the same rights of audit or access.

(b) REPORTING: The System Integrator will provide quarterly reports to the Client or its nominated agency regarding any specific aspects of the Project and in context of the audit and access information as required by the CLIENT or its nominated agency.

Action and Review

(a) Any change or amendment to the systems and procedures of the System Integrator, or sub-contractors, where applicable arising from the audit report shall be agreed within thirty (30) calendar days from the submission of the said report.

(b) Any discrepancies identified by any audit pursuant to this Schedule shall be immediately notified to the CLIENT or its nominated agency and the System Integrator's Project Manager in consultation with Client, shall determine what action should be taken in respect of such discrepancies in accordance with the terms of the MSA.

Terms of Payment

The System Integrator shall bear all the cost of any audits and inspections. The terms of payment are inclusive of any costs of the System Integrator and the sub-contractor, for all reasonable assistance and information provided under the MSA, the Project Implementation, Operation and Management SLA by the System Integrator pursuant to this Schedule.

Records and Information

For the purposes of audit in accordance with this Schedule, the System Integrator shall maintain true and accurate records in connection with the provision of the services and the System Integrator shall handover all the relevant records and documents upon the termination or expiry of the MSA.

3.5 Schedule – V: Governance Schedule

Purpose

The purpose of this Schedule is to:

- (i) Establish and maintain the formal and informal processes for managing the relationship between the CLIENT and the System Integrator (including the outputs from other Schedules to this Agreement;
- (ii) Define the principles that both Parties wish to follow to ensure the delivery of the Services;
- (iii) Ensure the continued alignment of the interests of the Parties;
- (iv) Ensure that the relationship is maintained at the correct level within each Party;
- (v) Create the flexibility to revise and maintain the relationship and this Agreement during the Term;
- (vi) Set out the procedure for escalating disagreements;
- (vii) Enable contract administration and performance management.

Governance Structure

(a) Project Managers: The relationship under this Agreement will be managed by the Project Managers appointed by each Party, who will provide the interface between the executive management of the respective Parties.

(b) Project Implementation Unit (PIU): In addition the Governance Structure defined in the RFP Volume I, Within 7 days following the Effective Date, CLIENT or its nominated agencies and the System Integrator shall form a joint Project Implementation Unit comprising of members from each party, and each party shall appoint a Project Manager. In the event that either Party wishes to substitute its Project Manager it will do so in manner in which the original appointment is made and notify the other Party of such substitution as soon as reasonably practicable but at the latest within 7 days of the substitution.

(c) The Project Managers shall have responsibility for maintaining the interface and communication between the Parties.

(d) The PIU will meet formally on a fortnightly / monthly / quarterly, as required, basis at a time and location to be agreed between them. These meetings will cover, as a minimum, the following agenda items:

(i) Consideration of Quarterly Performance Reports;

(ii) Consideration of matters arising out of the Change Control Schedule;

(iii) Issues escalated in accordance with the escalation procedure as set out in the Governance Schedule;

(IV) Matters to be brought before the PIU in accordance with the MSA and the Schedules;

(v) Any matter brought before the PIU by the System Integrator under this Article;

(vi) Any other issue which either Party wishes to add to the agenda.

(e) In the event that there is any material factor which affects the delivery of the Services or the terms of payment as stated in the Terms of Payment Schedule, the Parties agree to discuss in the PIU any appropriate amendment to the Agreement or any Service Level Agreements or Statement of Works including any variation to the terms of payment as stated in the Terms of Payment Schedule. Any variation so agreed shall be implemented through the change control procedure as set out in the Change Control Schedule.

Governance Procedures

(a) The System Integrator shall document the agreed structures in a procedures manual.

(b) The agenda for each meeting of the PIU shall be set to reflect the discussion items referred to above and extraordinary items may be added either with the agreement of the Parties or at the request of either Party. Copies of the agenda for meetings of the PIU, along with relevant pre-reading material, shall be distributed at least one week in advance of the relevant meeting.

(c) All meetings and proceedings will be documented such documents to be distributed to the Parties and copies shall be kept as a record. All actions, responsibilities and accountabilities arising out of any meeting shall be tracked and managed.

(d) The Parties shall ensure as far as reasonably practicable that the PIU shall resolve the issues and resolve the objectives placed before them and that members representing that Party are empowered to make relevant decisions or have easy access to empowered individuals for decisions to be made to achieve this.

(e) In order formally to submit a Disputed Matter to the aforesaid for a, one Party ("Claimant") shall give a written notice ("Dispute Notice") to the other Party. The Dispute Notice shall be accompanied by (a) a

statement by the Claimant describing the Disputed Matter in reasonable detail and (b) documentation, if any, supporting the Claimant's position on the Disputed Matter.

(f) The other Party ("Respondent") shall have the right to respond to the Dispute Notice within 7 days after receipt of the Dispute Notice. In the event that the parties are unable to resolve the Disputed Matter within a further period of 7 days, it shall refer the Disputed Matter to next level of the dispute resolution for action as per the process mentioned in article 9.1

(g) All negotiations, statements and / or documentation pursuant to these Articles shall be without prejudice and confidential (unless mutually agreed otherwise).

(h) If the Disputed Matter is having a material effect on the operation of the Services (or any of them or part of them) the Parties will use all their respective reasonable endeavours to reduce the elapsed time in reaching a resolution of the Disputed Matter.

The payment under the various cost heads is given as under:

For the payment purposes the pro rata reduction has been done on the cost items and sub items. The financial implications for both the states have been mentioned separately. Breakup of the overall project cost for all the phases of the project have been given in the Schedule below.

3.6 Schedule – VI: Payment Schedule

The payment schedule and milestones are divided into two phases:

- A) Implementation Phase.
- B) Operations and Maintenance Phase.

S. No	Payment Milestones for the implementation phase	% Payment
1	M1: Advance	10%
2	M2: Pre – Go Live – Readiness Phase I – 4 Districts)	10%
3	M3: Go-Live in the Phase I – 4 Districts	10%
4	M4: Pre – Go Live – Readiness Phase II Districts	10%
5	M5: Go-Live in the Phase II – 21 Districts	20%
6	M6: Pre – Go Live Readiness for remaining Higher offices/ Police Stations	10%
7	M7: Go-Live for remaining Higher offices/ Police Stations	10%
8	M8: Integration with Existing Legacy Applications	10%
9	M9: Successful integration with CAS (Center) and successful transfer of the data for three months in succession	10%

Note: All payments to the System Integrator shall be made upon submission of invoices along with relevant sign-offs from JK Police.

1. Pre – Go Live Readiness of Districts under Phase requires Completion and Acceptance of the following activities in at least 50% of the Police Stations / Higher Offices in each of the Districts targeted under the Phase

- Data Migration / Digitization
- Capacity Building Program covering the targeted personnel
- Change Management Initiatives covering the targeted personnel
- Site Preparation
- Delivery and Commissioning of Client Side Infrastructure
- Networking

2. Go-Live in the Phase requires Completion and Acceptance of the following activities in atleast 85% of the Police Stations / Higher Offices in each of the Districts targeted under the Phase

- Data Migration / Digitization
- SRS, design documents, test cases and test plan
- Capacity Building Program covering the targeted personnel
- Change Management Initiatives covering the targeted personnel
- Site Preparation
- Delivery and Commissioning of Client Side Infrastructure
- Networking
- Commission of the Configured, Customized, and Extended CAS (State)
- The PS / HO have completely migrated to the new application and the police station and the higher offices' personnel are successfully conducting the intended functions through the application.
- User Acceptance Testing
- Successful operations of system as desired by the JK Police

- The operations and maintenance phase is for a period of five years post Go-Live in the last district. The lump-sum cost quoted for the Operations and Maintenance Phase will be divided into 10 equated installments and made as 10 equal payments upon satisfactorily adhering to the SLAs. The payments during the Operations and Maintenance Phase will be made at the end of every six months after the delivery of the services upon satisfactorily adhering to the SLAs defined in the volume 1 of this RFP

4 Service Level Agreement

1. This document describes the service levels to be established for the Services offered by the SI to the Jammu and Kashmir state. The SI shall monitor and maintain the stated service levels to provide quality service to the JK Police.

2. Definitions.

(a) **“Scheduled Maintenance Time”** shall mean the time that the System is not in service due to a scheduled activity as defined in this SLA. The scheduled maintenance time would not be during 16X6 timeframe. Further, scheduled maintenance time is planned downtime with the prior permission of the Jammu and Kashmir State.

(b) **“Scheduled operation time”** means the scheduled operating hours of the System for the month. All scheduled maintenance time on the system would be deducted from the total operation time for the month to give the scheduled operation time. The total operation time for the systems and applications within the Primary DC, DRC and critical client site infrastructure will be 24X7X365. The total operation time for the client site systems shall be 18 hours.

(c) **“System or Application downtime”** means accumulated time during which the System is totally inoperable within the Scheduled Operation Time but outside the scheduled maintenance time and measured from the time the state and/or its employees log a call with the SI team of the failure or the failure is known to the SI from the availability measurement tools to the time when the System is returned to proper operation.

(d) **“Availability”** means the time for which the services and facilities are available for conducting operations on the state / UT system including application and associated infrastructure. Availability is defined as:

$$\{(\text{Scheduled Operation Time} - \text{System Downtime}) / (\text{Scheduled Operation Time})\} * 100\%$$

(e) **“Helpdesk Support”** shall mean the 16x6 basis support centre which shall handle Fault reporting, Trouble Ticketing and related enquiries during this contract.

(f) **“Incident”** refers to any event / abnormalities in the functioning of the Data Centre Equipment / Services that may lead to disruption in normal operations of the Data Centre, System or Application services.

3. Interpretations.

(a) The business hours are 8:30AM to 4:30PM on all working days (Mon-Sat) excluding Public Holidays or any other Holidays observed by the State. The SI however recognizes the fact that the state / UT offices will require to work beyond the business hours on need basis.

(b) "Non-Business Hours" shall mean hours excluding "Business Hours".

(c) 18X7 shall mean hours between 06:00AM -12.00 midnight on all days of the week.

(d) If the operations at Primary DC are not switched to DRC within the stipulated timeframe (Recovery Time Objective), it will be added to the system downtime.

(e) The availability for a cluster will be the average of availability computed across all the servers in a cluster, rather than on individual servers. However, non compliance with performance parameters for infrastructure and system / service degradation will be considered for downtime calculation.

(f) The SLA parameters shall be monitored on a monthly basis as per the individual SLA parameter requirements. However, if the performance of the system/services is degraded significantly at any given point in time during the contract and if the immediate measures are not implemented and issues are not rectified to the complete satisfaction of the state or an agency designated by them, then the state will have the right to take appropriate disciplinary actions including termination of the contract.

(g) A Service Level violation will occur if the SI fails to meet Minimum Service Levels, as measured on a half yearly basis, for a particular Service Level. Overall Availability and Performance Measurements will be on a monthly basis for the purpose of Service Level reporting. An "Availability and Performance Report" will be provided by the SI on monthly basis in the JK Police suggested format and a review shall be conducted based on this report. A monthly Availability and Performance Report shall be provided to the state at the end of every month containing the summary of all incidents reported and associated SI performance measurement for that period. The monthly Availability and Performance Report will be deemed to be accepted by the state upon review and signoff by both SI and the state. Where required, some of the Service Levels will be assessed through audits or reports e.g. utilization reports, measurements reports, etc. as appropriate to be provided by the SI on a monthly basis, in the formats as required by the state. The tools to perform the audit will need to be provided by the SI. Audits will normally be done on regular basis or as required by the state and will be performed by the state appointed third party agencies.

(h) EMS system as specified in this RFP shall play a critical role in monitoring the SLA compliance and hence will have to be customized accordingly. The 3rd party testing and audit of the system shall put sufficient emphasis on ensuring the capability of EMS system to capture SLA compliance correctly and as specified in this RFP. The selected System Integrator (SI) must deploy EMS tool and develop additional scripts (if required) for capturing the required data for SLA report generation in automated way. This tool should generate the SLA Monitoring report in the end of every month which is to be shared with the state / UT on a monthly basis. The tool should also be capable of generating SLA reports for a half-year. The state will audit the tool and the scripts on a regular basis.

(j) The Post Implementation SLAs will prevail from the start of the Operations and Maintenance Phase. However, SLAs will be subject to being redefined, to the extent necessitated by field experience at the police stations / higher offices and the developments of technology practices globally. The SLAs may be reviewed on an annual/bi-annual basis as the state decides after taking the advice of the SI and other agencies. All the changes would be made by the state in consultation with the SI.

(k) The SI is expected to provide the following service levels. In case these service levels cannot be achieved at service levels defined in the tables below, it shall result in a breach of contract and invoke the penalty clause. Payments to the SI are linked to the compliance with the SLA metrics laid down in the tables below. The penalties will be computed and calculated as per the computation explained in this Annexure. During the contract period, it is envisaged that there could be changes to the SLA, in terms of addition, alteration or deletion of certain parameters, based on mutual consent of both the parties i.e. the state and SI.

(I) Following tables outlines the key service level requirements for the system, which needs be ensured by the SI during the operations and maintenance period. These requirements shall be strictly imposed and either the state or a third party audit/certification agency shall be deployed for certifying the performance of the SI against the target performance metrics as outlined in the tables below.

Implementation Phase SLAs

1. Capacity Building

Service LevelDescription	Measurement
<p>Capacity Building</p>	<p>At least 80% of the trainees within the training program should give a rating of satisfactory or above. Severity of Violation: High</p> <p>This service level will be monitored and measured on a per District basis through feedback survey to be provided to each attendee within the program. If the training quality in the program falls below the minimum service level, it will be treated as one (1) violation.</p> <p>The total number of violations for the payment period will be the cumulative number of violations across all the programs across all Districts in the payment period.</p>

2. Data Migration / Digitization

Service LevelDescription	Measurement
<p>Data Migration</p>	<p>Errors having “High” impact would amount from mistakes in section of offence/ FIR details/ Name of accused or complainant/ particulars of accused such as address, contact details, Ids (DL No., passport No. etc.). High impacting errors shall have direct implications to penalties. Errors having “Low” impact would amount from other mistakes. 3 or less low impacting errors per case file will not be subjected for penalties, however mistakes would be corrected by SI at the time of such incident is reported. Severity of Violation: High</p> <p>This service level will be measured on a</p>

monthly basis for each Police Station / Higher Office.

If the data migration / digitization service level in a police station / higher office falls below the minimum service level, it will be treated as one (1) violation.

The total number of violations for the payment period will be the cumulative number of violations across all the police stations/higher offices in the payment period.

4.1 SLA Criteria

Delivery Related Service Level Agreement (SLA) Criteria

Explanation: The deduction mentioned in this table shall be made from the next due payment to the vendor for services provided on Statewide basis.

S. No.	Service Metrics Parameters	Baseline	Lower Performance		Violation of Service level agreement		Basis of Measurement	Remarks
		Metric	Metric	Deduction	Metric	Deduction		
1.	Delivery of the reports/ deliverables due for this section	As per the dates as mentioned in the contract	One week after the due date	₹. 10,000/- Per Week	>1 week after the due date	₹. 20,000 for every week of delay	Dates for delivery of reports as mentioned in the contract	
2.	Customization of CAS (State)/ Integration with existing application/ migrations of existing data	6 months from date of signing of contract	6-8 months	₹. 100,000/-	> 8 months	₹. 1,00,000 per month of delay	Months taken after beginning of the Assignment and test the application at the Data center by the Operator, not including the software audit by TPA	The application should be tested for desired functionalities, security, and completeness as well as compliance with SLA, within the period
3.	Supply, installation and Commissioning of hardware at offices	3 months	4-6 months	For non-compliance At each point of deployment: ₹. 30,000	> 6 months	For non-compliance At each point of deployment ₹. 45,000/ month	Months after taking over of the office site for project	The deduction shall be made per site basis, where criterion is not satisfied
4.	Supply, installation and Commissioning	6 months from the	6-7 months	₹. 100,000/-	> 7 months	₹. 100,000 for every	Months taken after beginning	JK Police may conduct

	of the Data Center Equipment	date of signing of contract				month of delay	of the assignment	independent audit to verify that the data center is as per the Specifications
5.	Capacity building	All the trainees should pass the training	Less than 80% and more than 60% marks	₹ 500/- Per Trainee	Less than 60% marks	₹1000/- per trainee	Results from Examination test, post training course	The feedback of the attendees must be taken after every training session/ program and this feedback should be leveraged for improving the capacity building program
6.	Data Digitization	Zero tolerance for High Impacting errors and less than 3 low impacting errors per case file	Lower Performance if the error rate is between 0.5% to 1%.	₹ 50/- error	Above 1%	₹ 100/- error and entire case to be redone	Error per case file during verification	Error rate is measured by percentage of the records with corrections marked by designated officials

		Error rate in a batch during verification should be less than 0.5% - baseline metric						
7.	Maintenance Phase	All the issues reported regarding hardware, software etc. should be resolved within 24 hours (within 1 working day)	Resolution of issues within 2 working days of reporting	₹. 250/- per instance	Resolution of the issue after 2 Working days	₹.500/- for every day delay over and above beyond	Time and date of reporting of the issue	

Note: Based on the requirement, above service levels can be change at the time of project execution.

3. Violations and Associated Penalties

(a) The primary intent of Penalties is to ensure that the system performs in accordance with the defined service levels. Penalties are not meant to be punitive or, conversely, a vehicle for additional fees.

(b) Penalty Calculations. The framework for Penalties, as a result of not meeting the Service Level Targets is as follows:

(i) The performance will be measured for each of the defined service level metric against the minimum / target service level requirements and the violations will be calculated accordingly.

(ii) The number of violations in the reporting period for each level of severity will be totaled and used for the calculation of Penalties.

(iii) Penalties applicable for each of the high severity violations is 0.1% of respective payment-period payment to the SI.

(iv) Penalties applicable for each of the medium severity violations is 0.05% of respective payment-period payment to the SI.

Post Implementation Phase SLAs

1. Primary DC/DRC Site Infrastructure Systems and Application Availability and Performance

(a) **Production CAS Systems.** The failure or disruption has a direct impact on the ability to service its police stations / higher offices, ability to perform critical back-office functions or a direct impact on the organization.

This includes but not limited to:-

- (i) Storage and related switches at Primary DC and DRC.
- (ii) Web, Application, Database, and Backup Servers at Primary DC and DRC.
- (iii) Primary DC to DRC connectivity.
- (iv) Primary DC and DRC network infrastructure.
- (v) Primary DC and DRC security infrastructure.

(b) **Non-CAS Systems in Production and Non Production Systems (Development, QA, and Training).** The failure or disruption has no direct impact on the Jammu and Kashmir state ability to serve its police stations / higher offices, or perform critical back-office functions.

- (i) Production Non CAS Servers.
- (ii) Test, QA and Training Servers.
- (iii) Helpdesk infrastructure & applications.
- (iv) EMS Infrastructure.

(c) **CAS Solution Components.** The failure or disruption has a direct impact on the state / UT's ability to service its police stations / higher offices, ability to perform critical back-office functions or a direct impact on the organization.

(d) **Non ERP Solution Components.** The failure or disruption has no direct impact on the state / UT's ability to serve its police stations / higher offices, or perform critical back-office functions.

(e) These service levels will be monitored on a monthly basis.

2. Client Site Infrastructure Systems

- (a) **Critical Client Site Systems.** The failure or disruption results in inability of the police station / higher offices to service its dependent offices or perform critical back-office functions. Critical client site infrastructure means the IT infrastructure at client site which are shared by multiple users i.e., Core Switch, Core Routers, etc.
- (b) This service level will be measured on a monthly basis for each implementation site.
- (c) The below tables gives details on the Service Levels the SI should maintain.

Service LevelDescription	Measurement
--------------------------	-------------

<p>Client Site Systems Availability</p>	<p>Availability of the critical client site infrastructure components at all the implementation sites shall be at least 99% Severity of Violation: High</p> <p>This service level will be measured on a monthly basis for each implementation site. If the availability in a month for an implementation site falls below the minimum service level, it will be treated as one (1) violation.</p> <p>The total number of violations for the six-month period will be the cumulative number of violations across all the months across all sites in the six-month period.</p>

3. Handholding Support: Client Site Support

- (a) **Level 1 Incident.** The incident has an immediate impact on the state / UT’s ability to service its police stations / higher offices, to perform critical back-office functions or has a direct impact on the organization.
- (b) **Level 2 Incidents.** The incident has an impact on the state / UT’s ability to service its police stations / higher offices that while not immediate, can cause service to degrade if not resolved within reasonable time frames
- (c) The severity of the individual incidents will be mutually determined by the state / UT and SI.
- (d) The scheduled operation time for the client site systems shall be the business hours of the state / UT.
- (e) This service level will be measured on a monthly basis for each implementation site.
- (f) The tables on the following page give details of the Service Levels the SI is required to maintain.

Service Level Description	Measurement
<p>Client Site Support Performance</p>	<p>80% of the Level 1 Incidents at each site should be resolved within 2 business hours from the time call is received / logged whichever is earlier. The maximum resolution time for any incident of this nature shall not exceed 8 business hours. 4. Handholding Support: Application Support

- (a) **Level 1 Defect.** The failure to fix has an immediate impact on the state / UT’s ability to service its police stations / higher offices, inability to perform critical back-office functions or a direct impact on the organization.
- (b) **Level 2 Defects.** The failure to fix has an impact on the state / UT’s ability to service its police stations / higher offices that while not immediate, can cause service to degrade if not resolved within reasonable time frames.

5. Network Uptime:

Severity of Violation: High

This service level will be monitored on a monthly basis.

The below tables gives details on the Service Levels the SI should maintain.

Service Level Description	Measurement
<p>Network Uptime</p>	<p>Availability of the network and all related components at all the implementation sites shall be at least 99% Severity of Violation: High</p> <p>This service level will be measured on a monthly basis for each implementation site. 8. Credits for Successful Application Uptake

The below tables gives details of the credits that can be gained by the SI for successful uptake of the application in the State. The credits will not be calculated for the first reporting period.

Service Level Description	Measurement				
<p>CCTNS Uptake</p>	<p>The following metrics will be measured at the end of each reporting period for each District that has been declared as “Go Live”:</p> <ol style="list-style-type: none"> 1. Number of key transactions carried through internet (ex: Transactional such as submitting an application for a no-objection certificate and Informational such a requesting the status of a case) 2. Number of active users profiles in CCTNS 3. Number of read-write transactions on CCTNS system 4. Number of Searches carried out on data in CCTNS 5. Total number of FIRs prepared through CCTNS 6. Total number of Crime Details Forms prepared through CCTNS 7. Total number of Key Investigation Forms prepared through CCTNS 8. Total number of Arrest Cards prepared through CCTNS 9. Total number of Charge Sheets prepared through CCTNS 10. Quality (recency and accuracy) of information available in CCTNS 11. Number of cases reported to be solved because of the availability of CCTNS 12. Number of ad-hoc requests successfully responded to using CCTNS 13. Turnaround Time (TAT) for submitting the monthly and annual crime/criminal information to NCRB from the State <p>A credit will be gained for each of the above parameters if the uptake for that parameter shows significant improvement.</p> <p>The following table applies for each of the above parameters:</p> <table border="1" data-bbox="863 1910 1444 2027"> <thead> <tr> <th data-bbox="863 1910 1166 2027">% increase over the measurement in the last</th> <th data-bbox="1166 1910 1444 2027">Credits</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> </tr> </tbody> </table>	% increase over the measurement in the last	Credits

9. Violations and Associated Penalties

- (a) The primary intent of Penalties is to ensure that the system performs in accordance with the defined service levels. Penalties are not meant to be punitive or, conversely, a vehicle for additional fees.
- (b) A six monthly performance evaluation will be conducted using the six monthly reporting periods of that period.
- (c) **Penalty Calculations.** The framework for Penalties, as a result of not meeting the Service Level Targets are as follows:
 - (i) The performance will be measured for each of the defined service level metric against the minimum / target service level requirements and the violations will be calculated accordingly.
 - (ii) The number of violations in the reporting period for each level of severity will be totaled and used for the calculation of Penalties.
 - If the total number of credits gained by the SI is lower than the total number of high severity violations in the reporting period, the total number of credits will be subtracted from the total number of High Severity Violations in the reporting period for the calculation of Penalties.
 - If the total number of credits gained by the SI is higher than the total number of high severity violations in the reporting period, the resultant total number of high severity violations in the reporting period for calculation of penalties will be considered as zero (0).
 - (iii) Penalties applicable for each of the high severity violations is two (2) % of respective half yearly payment to the SI.
 - (vi) Penalties applicable for each of the medium severity violations is one (1%) of respective half yearly payment to the SI.
 - (v) Penalties applicable for each of the low severity violations is half percentage (0.5%) of respective half yearly payment to the SI.
 - (vi) Penalties applicable for not meeting a high (H) critical performance target in two consecutive half years on same criteria shall result in additional deduction of 5% of the respective half yearly payment to the SI. Penalty shall be applicable separately for each such high critical activity
 - (vii) Penalties applicable for not meeting a medium (M) critical performance target in two consecutive half yearly periods on same criteria shall result in additional deduction of 3% of the respective half yearly payment to the SI. Penalty shall be applicable separately for each such medium critical activity
 - (viii) Penalties applicable for not meeting a low (L) critical performance target in two consecutive half yearly periods on same criteria shall result in additional deduction of 2% of the respective half yearly payment to the SI. Penalty shall be applicable separately for each such medium critical activity
 - (ix) It is to be noted that if the overall penalty applicable for any of the review period during the currency of the contract exceeds 25% or if the overall penalty applicable for any of the successive half year periods during the currency of the contract is above 15%; then the state / UT shall have the right to terminate the contract.

5.2 Annexure B: List of Service provided by System Integrator (SI)

Various services including, but not limiting, to be offered by the selected Bidder will include:

- i. Project initiation & Solution Design including SRS, Design documents, hardware requirement report & detailed deployment plan for the software applications & other components of the project.
- ii. Development / Customization of the CCTNS Solution including the testing and user acceptance
- iii. Site Preparation and LAN creation.
- iv. Procurement, deployment and commissioning of the necessary Hardware at all the Police locations mentioned in geographical scope of RFP Volume I.
- v. Procurement, deployment and commissioning of the required Networking equipments & connectivity.
- vi. Data Entry and digitization of the records available in the paper files and migration of the data available in the existing databases.
- vii. Training to the staff members and stakeholders of the Department and necessary Change Management.
- viii. Provisioning of Change Management and Handholding support for a period of one year post successful Go Live of CCTNS Solution.
- ix. Operations and maintenance of the system including providing technical support for IT solution for a period of 5 years starting from the date of successful Go Live of CCTNS Solution

Note:

- The System Integrator will have to implement the Solution keeping in mind the functions and services of the department and at the end the solution shall include all the necessary application modules as well as hardware components as per the requirements of JK Police
- The selected SI shall implement the solution based on the requirements identified in this RFP and shall suggest improvements (if any) at the time of the designing the solution. It is expected that SI will validate the Requirements/ Architecture designs, etc. proposed in this RFP and will improve upon it, if required.

5.4 Annexure D: List of Services to be provide by the System Integrator

Various services including, but not limiting, to be offered by the selected Bidder will include:

- I) Project initiation & Solution Design including SRS, Design documents, hardware requirement report & detailed deployment plan for the software applications & other components of the project,
- II) Customization of the CCTNS Solution, Integration with existing applications & migration of existing data including the testing and user acceptance.
- III) Site Preparation and LAN creation.
- IV) Procurement, deployment, and commissioning of the necessary Hardware at all the JK Police locations mentioned in geographical scope of RFP Volume I.
- V) Procurement, deployment and commissioning of the required Networking equipments & connectivity,
- VI) Data Entry and digitization of the records available in the paper files and migration of the data available in the existing databases,
- VII) Training to the staff members and stakeholders of the Department and necessary Change Management.
- VIII) Provisioning of Change Management and Handholding support for a period of six months post successful Go Live of CCTNS Solution
- IX) Operations and maintenance of the system including providing technical support for IT solution for a period of five years starting from the date of successful Go Live of CCTNS Solution.

Note:

SI will have to implement the Solution keeping in mind the functions and services of the department and at the end the solution shall include all the necessary application modules as well as hardware components as per the requirements of JK Police.

The selected SI shall implement the solution based on the requirements identified in this RFP and shall suggest improvements (if any) at the time of the designing the solution. It is expected that SI will validate the Requirements / Architecture designs, etc. proposed in this RFP and will improve upon it, if required.

5.5 Annexure E: Bill of Materials

A. Bill of Material – Software Solution:

The SI will ensure that all the licenses of proposed application / system software etc. procured for this project are procured in the name of DGP, Jammu and Kashmir Police and shall be as per requirement of this RFP.

Note: Technical Statement for software solutions mentioned in the “Solution Information and Bill of Material Software solution” part of Volume-II of this RFP should be considered for Bill of Material Software Solutions

B. Bill of Material – Infrastructure:

Technical Compliance Statement mentioned in the in Annexure-III - Bill of Quantity and Annexure-V Technical Specifications given in Volume-I of this RFP should be considered for Bill of Material Infrastructure.

5.6 Annexure F: Roles and Responsibilities of the Parties

1. Roles and Responsibilities of System Integrator:

- 1) Preparation of Detailed Project Plan in line with the overall plan provided in the RFP. The same should be prepared in consultation with JK Police or its nominated agency
- 2) Procure, install, commission, operate and maintain:
 - a) Requisite hardware & system software at Police Units, Data Center and other locations as per the requirements mentioned in this RFP.
 - b) Networking equipments, connectivity services and LAN as per the requirements mentioned in this RFP.
 - c) Meet the defined SLAs for the performance of the system.
- 3) Addressing technology obsolescence by appropriate up-gradation, replacement, and / or replenishment of systems deployed at various locations (data center, HQ and other locations).
- 4) Insure the entire hardware against the infrastructure deployed at various locations for the entire duration of the contract against vandalism, theft, fire and lightning.
- 5) Keep all system software i.e. OS, antivirus, office applications etc., for Servers, PCs etc. at Data Centre and various locations, up to date by installing regular upgrades / patches.
- 6) Rectification of system software problems due to crashing or malfunctioning of the OS, RDBMS, or front end within the time limits to meet the SLAs as defined in RFP Volume 1.
- 7) Develop / customize, deploy and maintain the requisite Software Solution as per the requirements of the Department at concerned locations.
- 8) Provide necessary support for the resolution of bugs, patches, & upgrades of the software solution.
- 9) Provide necessary manpower for managing the Change Requests.
- 10) Design various manuals like User manual, Trouble Shooting manual etc. for the system.
- 11) Provide training on application modules to the staff members and stakeholders of the Department
- 12) Maintain the business continuity.
- 13) Deploy the required manpower to manage the operations.
- 14) Ensuring the SLAs for downtime of system, software customization, procurement and delivery of hardware & networking equipments, errors in data entry, etc. as defined in RFP Volume 1 are met.
- 15) Management and quality control of all services and infrastructure.

- 16) Any other services which is required for the successful execution of the project.
- 17) Regular Backup as per the schedule and Disaster Recovery.
- 18) Generation of MIS reports as per the requirements of JK Police.
- 19) Generation of the report for the monitoring of SLAs.
- 20) Meet the minimum defined Technical Specifications for the IT Infrastructure including Hardware and networking equipment's keeping in mind the application and future requirements of the JK Police.

2. Roles and Responsibilities of JK Police or its nominated agency:

- 1) Provide adequate space for setting up of infrastructure, software development and other activities to be carried out by the Bidder.
- 2) Coordination between all the Police Units for providing necessary information for the study and development / customization of the necessary solution.
- 3) Co-ordination with other state agencies to assist the selected bidder in execution of the project.
- 4) Coordinate with Bidder for conducting workshops for the Stakeholder departments.
- 5) Provide the data available in the form of physical files or existing databases to the selected bidder for digitization purposes.
- 6) Deployment of staff members of the Department for verification of the digitized data within the defined timelines.
- 7) Ensure that Data Backups are being taken regularly by bidder as per the schedule agreed upon.
- 8) Ensure that the hardware and other infrastructure deployed by the bidder at HQ, DC etc. meets the minimum specifications as mentioned in RFP and is maintained properly to meet the SLAs as defined in RFP.
- 9) Monitoring of overall timelines, SLAs and calculation of penalties accordingly.
- 10) Conducting UAT for the application solution deployed.
- 11) Issuing the Acceptance Certificate on successful deployment of the software application, hardware deployed, digitized data and for other components of the Scope of Work (wherever required).
- 12) Any other requirements that could arise during operations for effective governance and to meet any administrative requirement.
- 13) To create internal capacity now for execution of the project after takeover from the bidder.

14) Ensuring the staff members and other stakeholders attend the training programs as per the schedule defined by the SI and agreed upon by JK Police or its nominated agency.

15) Provide sign off on the deliverables of the project including SRS, design documents etc. as defined in the RFP document.
